

IASD Online Lucid Dreaming Conference Schedule

The conference will begin on opening day with forum discussions to welcome you and to get acquainted. Scott Sparrow and Linda Mastrangelo will start the conference off on a high note with presentations on Dream Encounters and A Lucid Journey into the Underworld, setting the tone through words and images. This will begin the process of lucidly going beyond one's preconceptions, that constitutes one of the MWLD conference's main themes.

Note: (+Z) denotes presentations that will include a live Zoom session.
